# Ongoing Support

# Mr S

Mr S had many issues as he was growing up and amongst other health issues was born partially deaf. He got seriously bullied at school which led to him suffering Anxiety & Depression and long period of Self Harming.

Has had no support since this time and receives repeated sick notes whilst being sat in Support Group .

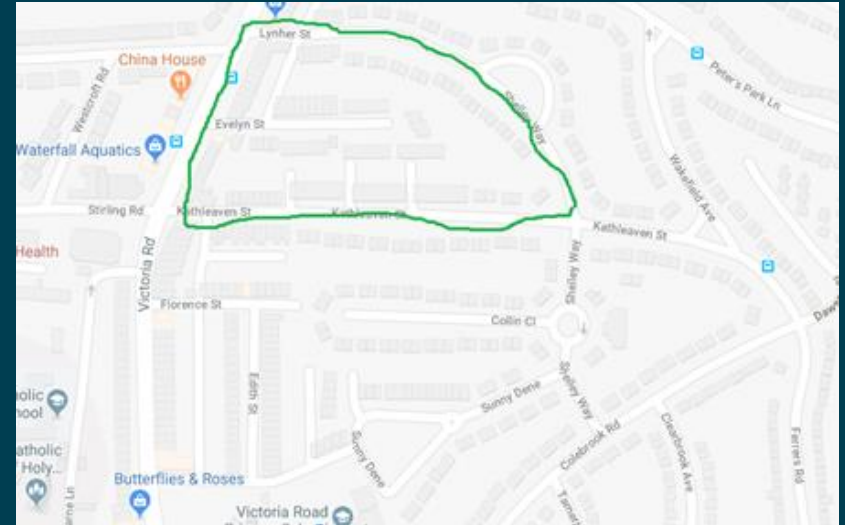

# Mr S

What we did;

- Initially met him in his garden
- Listened to what his barriers and objectives were
- Talked about interests
- Permitted work

What Happened?

- Now in work, and getting married

# Miss H

Miss H was referred to us by her mother during an estate community day. Had previously lost her job from a high street clothing shop and, according to mum, "getting under her feet" by staying in all day.

ESA Claimant - suffering from Anxiety & Depression. Miss H had been recently signed off with Anxiety and Depression and believes this was caused after losing her job.

# Miss H

What we did:

- Helped find a suitable job
- Lost job (repeat)
- Ongoing Support

What happened:

- Identified long term issue around sustaining work
- Helped find work
- Aided in sustaining the above

# Miss C

Resident contacted Jobs & Training when she learned she was being made redundant from her part time job in a local sandwich shop.

Had been working 16hrs per week and has a teenage son, was aware she would now have to claim UC and was unsure how this would impact on her.

One of the immediate issues that arose was that son was about leave full time education, so mother would not be receiving any payment for his upkeep.

# Miss C

What We did:

- Assisted with Universal Credit Claim
- Helped to find work
- Helped son to find work
- Assisted with Debts
- Sourced replacement White Goods
